

Eligible Expenses for the Young Entrepreneur Bursary

The \$5,000 bursary must be used to support the growth and development of your business. Eligible expenses may include:

Business Development

- Market research or business planning services
- Branding or logo design
- Website development or upgrades
- Marketing and advertising campaigns
- Photography or videography for promotional purposes

Operations and Equipment

- Office supplies or technology (e.g., laptop, printer, software subscriptions)
- Business tools or equipment essential to daily operations
- Point-of-sale systems or e-commerce platforms
- Safety or compliance-related upgrades

Product or Service Expansion

- Raw materials or inventory purchases
- Prototyping or product development
- Packaging and labelling costs

Skills, Training, Professional Services

- Professional development courses or certifications
- Business workshops, webinars, or training events
- Consulting services (e.g., business coaching, strategic planning)

Note: *Personal expenses, debt repayment, or non-business-related costs are not eligible. All recipients will be required to submit a breakdown of how the funds were used in their final report.*
